King Fahd University of Petroleum and Minerals

Introduction to Artificial Intelligence (COE292-05)

Quiz 2 (10 marks)

Name: _____Major_____ Student ID:_____

Instruction(s): Fill in the table below with appropriate answers. Use internet resources.

Deadline: 28th November 2023

Q1. Find a code on Github (or other sources available online) on **any 2** of the previous 5 application areas of Machine Learning related to your major from the previous take home quiz.

Q2. **Briefly** describe the first 20 lines of the code **in your own words**. (20 lines means the actual code excluding commented lines).

Q3. **Share** the link to the code (as a hyperlink in your document so it is easy to click and verify). Verify it is working before submitting the assignment. Dead links will amount to zero marks.
